PRICE TWO CENTS

Her Health Restored

THE misery of sleeplessness can only be realized by those who have experienced it. Nervousness, sleeplessness, headaches, neuralgia and that miserable feeling of unrest, can surely be cured by Dr. Miles' Restorative Nervine. So certain is Dr. Miles of this fact that all druggists are authorized to refund price paid for the first bottle tried, providing it does not benefit. Mrs. Henry Bruns, wife of the well known blacksmith at Grand Junction, Iowa, says: "I was troubled with sleeplessness, nervousness, headache and irregular menstruation, suffering untold misery for years. I used various advertised remedies for female complaints besides being under the care of local physicians, without help. I noticed in Dr. Miles' advertisement the testimonial of a lady cured of ailments similar to mine, and I shall never cease to thank that lady. Her testimonial induced me to use Dr. Miles' Nervine and Nerve and Liver Pills, which restored me to health. I cannot say enough for Dr. Miles' Remedies." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

GEN. GARCIA IS DEAD

The Great Cuban Patriot's Last Thoughts Were of His People.

A VICTIM OF PNEUMONIA

General Miles Furnishes a Guard of Honor—President McKinley Sends a Letter of Sympathy and Senator Fairbanks and Other Prominent Men Pay Their Respects to the Dead Hero.

Washington, Dec. 12.—General Calixto Garcia, the distinguished Cuban warrior and leader, and the head of the commission elected by the Cuban assembly to visit this country, died here at the hotel Raleigh yesterday. Sudden change from the warm climate of Cuba, with the hardships he had there endured, to the wintry weather of New York and Washington is responsible for the pneumonia which resulted in his demise. He contracted a slight cold in New York, which did not assume an alarming stage until the early part of last week. During the 12 hours or more preceding dissolution, General Garcia was unconscious most of the time. At intervals he recognized one or more about him.

On his dying moments, as all through his busy and active life, his thoughts were for his beloved country and its people, and among his last words were irrational mutterings in which he gave

aged 19 and a daughter 17 years of age, are at Thomasville, Ga., where the girl is quite ill. Colonel Carlos Garcia, another son, is in Cuba and a daughter, Leonora, who married an American, is now living in Paris. General Garcia's mother is still alive and resides in Havana.

General Garcia, whose name will be ever linked with those of other patriots who have fought against unequal odds for the freedom of his country, has had a most active and varied life, much of which has been spent in fighting for the cause of Cuban liberty, which he had the satisfaction of seeing accomplished in so short a time before his death. He was born in Caguas, Oct. 14, 1839, and was therefore 60 years of age.

Was an Original Conspirator.

General Garcia was the original conspirator in the uprising of the Cubans against Spain in 1895, and in that war, under Gomez, he attained the rank of a brigadier general. In 1875, while re-conquering with his escort, he was surrounded by 2,000 Spaniards. Preferring death to capture and subsequent execution at the hands of his enemy, he attempted suicide by placing his revolver under his chin and firing. The bullet came out between his eye brows. For months he lay between life and death, but was saved finally by Spanish surgeons, who possibly had owed their own lives to his mercy. The Spaniards, believing he was about to die, gave him a pardon. The hole which the bullet made when it entered the chin and came out between the eyebrows was always visible, and shows plainly in the photograph of death.

For his participation in the revolutionary movement he was sent to Spain, being released after four years confinement. He returned to the United States and attempted to create another revolt in the island, but to save his colleagues he capitulated to the Spanish forces and was again banished to Spain in 1894, where he remained until 1895, when he made his escape. From that time on he was active in the war with Spain, which resulted in the freedom of Cuba.

CONGRESSIONAL FORECAST

Work Mapped Out For the House and Senate.

Washington, Dec. 12.—Beyond the first three days there is no programme mapped out for the house this week. Today is being devoted, under the rules, to the consideration of business relating to the District of Columbia and tomorrow the District of Columbia appropriation bill will be taken up. This is the purpose of the leaders to give the appropriation bills the right of way whenever one is ready.

The appropriations sub-committee on pensions commenced work on the pension appropriations bill today, but it can hardly be ready before next week. It is confidently expected, however, that it will be passed before the holidays.

The Joint High Commission.

Washington, Dec. 12.—It has been agreed by the joint high commission of Americans and Canadians which has been in session here for several weeks, to adjourn at an early date. This has not yet been formally announced, but it is understood that the day fixed for adjournment is Dec. 20. On the evening of Dec. 19 the Canadians will give a banquet to which the Americans will be invited. The understanding is that the sessions will not be resumed till after March 4 next, when the American commissioners, who are members of the house and senate, will have leisure to devote to the negotiations.

RIOS' PROTEST

Approved by the Spanish Government—El Liberal's Comment.

Madrid, Dec. 12.—The government entirely approves the memorandum of protest against the action of the United States commissioners filed by Senor Montero Rios at Paris.

El Liberal says: "The Paris negotiations offer a far sadder spectacle than the ships which are bringing back our repatriated soldiers, deplorable as the condition of the latter is."

The cabinet, it is said, will meet the Cortes intact. Senor Sagasta will ask an indemnity bill for the session of the Philippines.

The cabinet will then declare that, as it finds itself at a crisis, it cannot admit any debate, and will, therefore, demand the immediate adoption of the bill, after which Senor Sagasta will submit the question of confidence to the Queen Regent.

El Herald says the government believes that in the present circumstances the holders of the Philippine debt will accept the arrangement arrived at, and considers that the Cuban bondholders should demand of the future government of Cuba a fulfillment of the contract by claiming a mortgage on the customs which guarantee the debt.

UNREASONABLE

And Unjustified Are Spanish Protesters Says The Thunderer.

London, Dec. 12.—The editorials in the London morning papers express satisfaction of the signing of the peace treaty, the negotiations for which, the Daily News remarks, have occupied rather longer than the war.

The Times, pretty accurately repre-

WHOOPING COUGH

One of the most distressing sights, is to see a child almost choking with the dreadful whooping-cough. Give the child Dr. Bull's Cough Syrup, the greatest pulmonary remedy, and relief will come at once, the coughing spells will re-occur less frequently, and, in a few days, the sufferer will be entirely cured. No other remedy can boast of so many cures.

sending the views of the other papers, says: "Spain has lost her colonies because her colonial system was founded upon spoliation and tyranny. The United States have not treated her any more harshly than Germany treated France in 1871 or Russia treated Turkey in 1878."

"Therefore, the Spanish memorandum of protest is unreasonable and unjustified."

GOVERNOR LEEDY

Will Convene the Kansas Legislature to Act on Important Measures.

Topeka, Dec. 12.—It was positively stated last night by State Bank Commissioner John W. Breidenthal and other Populist officials that a call for an extra session of the Kansas legislature will be issued tomorrow by Governor Leedy. The actual date of convening is not given. The main object of the call, it is stated, is to pass a railroad bill to empower the state railroad board to fix maximum freight rates, and investing in that board the power of a district court. Other measures to be passed will be a law creating a state bankers' guarantee fund, making it obligatory upon banks to pay into the state treasury a certain sum to guarantee their depositors against loss by failure; a bill to tax chartered corporations; and the confirmation of the recent appointments of Governor Leedy.

Colonel Bryan's Resignation.

Savannah, Ga., Dec. 12.—General Keifer, who is in command of the remaining troops of the Seventh Army corps since General Lee's departure for Cuba last night, confirmed the rumor of Colonel W. J. Bryan's resignation of his command. Both General Lee and General Keifer endeavored to induce Colonel Bryan to go to Cuba, but were unsuccessful.

SPECTACULAR TRAGEDY

James McDonald, a Prominent Tammany Man, Fatally Injured.

New York, Dec. 12.—A most spectacular tragedy occurred on the speedway yesterday. Thousands of people who had gathered there to watch the speeding gazed eagerly at what they thought was a race. It was at first, but it ended in a runaway and James McDonald, a prominent Tammany man and one of the best known horsemen in the city, was carried to the Manhattan hospital where he died six hours later. McDonald had taken a fast horse to the speedway for a warming and had been challenged by a friend to a test of speed. The horses were along at a furious pace, with the thousands of spectators applauding the rush. Then, with a mighty effort, McDonald's horse took the bit and with a defiant toss of his head, shot to the front. Two blocks ahead the speedway was impassable to the flyers and McDonald, realizing this, stood up in his rig and dropping one rein, gave the other a mighty jerk. He threw his horse, killing it and himself, pitched high into the air and some 20 feet forward, falling on the hard road.

IN PRISON FOR LIFE

For a Murder Never Committed—Supposed Victim Returns Home.

Columbus, O., Dec. 12.—Assistant Deputy Wells of the penitentiary, discovered yesterday that John Tongass of Mercer county, is serving a life sentence for a murder which he never committed. Tongass was traveling over the country as a blindman with an organ. A boy, Van Riper, was with him as a guide and to pass the hat for collections. They were up in Mercer county when the boy mysteriously disappeared and no one could gain trace of him.

The people of that section instituted a search, and as a result some bones were found in a smoldering fire where the man and boy had stopped. The find resulted in Tongass' conviction. The alleged crime was committed in April, 1899, and Tongass came to the penitentiary in April, 1900. Young Van Riper was absent from home for about two years when he appeared, but all the excitement about the crime had died out. The prisoner had no friends, and he, as well as his conviction, had been forgotten until this incident revived it. Mr. Wells knows young Van Riper personally, and states he is now at work in Kenton.

Four Lives Lost.

New York, Dec. 2.—By a fierce fire which occurred last night in a flat house in Prospect place, Brooklyn, four persons met death and the firemen are still searching the ruins in fear of finding more bodies.

Ex-Congressman McKee Dead.

Louisville, Dec. 12.—Captain Samuel McKee, ex-member of congress, and one of Kentucky's most prominent Republicans, died at his home in this city last evening of paralysis.

WORK IS COMPLETED

Peace Commissioners Sign the Treaty of Peace at Paris.

SPANIARDS WERE GLOOMY

Apparently Regarded the Occasion as a Funeral One—Declined an Invitation to Dine With the Americans, Fearing the Effect at Madrid—Some Points in the Treaty.

Paris, Dec. 12.—The "treaty of Paris," or in other words the peace treaty between Spain and the United States was signed Saturday night. The two commissions had met in the afternoon, the Americans being the first to arrive at the foreign office. They were followed a half hour later by the Spaniards. Senor Montero Rios, president of the Spanish commission, ascended the steps, leaning on a cane and bundled in a fur coat. The Americans shook hands with the Spaniards when the latter entered the conference hall. The faces of the representatives of Spain were exceedingly solemn. Apparently they regarded the occasion as a funeral one. The treaty, which was not completed, was brought in sections in the hands of the engrossers, while the commission was sitting.

After being photographed, the commissioners listened to the reading of the treaty until 5:15 p. m., at which hour they took a recess until 7 o'clock, while awaiting the arrival of the last sections of the treaty. The long session during the afternoon and the subsequent recess were due only to the fact that each article of the treaty had to be carefully read and compared in Spanish and English, and to the fact that the engrossing of the last article in Spanish was incomplete. At 7 o'clock the commissioners met again, the treaty was read in full and the document signed.

The United States peace commissioners rested yesterday after the long strain of daily conferences and almost daily sessions with the Spaniards, the intensity of which they hardly realized until it was over. Warm personal friendships and mutual regard have arisen between the two commissions as the result of their extended controversy at close quarters. Several members of both commissions have exchanged calls since the signing of the treaty. The American commissioners unofficially informed the Spaniards that they would be glad to have the two commissions dine together. The reply, which, like the invitation, was conveyed diplomatically through a third party, was that the Spaniards would be most pleased, but feared it would be inadvisable, because it might be misconstrued at Madrid, where already much feeling is existing against the Spanish commissioners.

Several members of the United States commission were inclined at first to publish the text of the treaty, but Senator Frye made a strong plea for the observance of courtesy toward the United States senate, and his arguments prevailed. Further details, however, have been learned as to the wording of the treaty, which provides that Cuba is to be relinquished and that Porto Rico and the Philippines are to be ceded. The Americans are to pay for the repatriation of the Spanish troops from all the colonies. The Spaniards are to return all prisoners held by them. They are to retain possession of all military stores and munitions of war in the Philippines and of such ships as have not been captured.

The commercial treaties between the two nations which the war ruptured are to be renewed at the convenience of the two nations.

The protocol makes nearly 600 typewritten pages. The United States commissioners have been almost overwhelmed with offers of dinners in England, prompted by the desire of prominent Englishmen to emphasize the Anglo-American entente, but they will remain in Paris until the day before sailing for the United States. They will make formal calls upon President Faure and high officials here to thank them for official hospitalities. Unofficial hospitality to the United States commissioners has been ostentatiously lacking in Paris.

General Lee and Staff Sailed From Savannah Yesterday.

Savannah, Ga., Dec. 12.—General Lee and staff sailed for Cuba yesterday afternoon on the transport Panama. Crowds of people lined the wharves as the transport passed down the river. As the tugboats cut loose the Siren, taken from the Spanish cruiser Almirante Oquendo after the battle of Santiago, and now on the tug Cambria, screeched the Panama a parting salute. General Lee will remain outside of Havana until Jan. 1, when he will enter the city.

Santiago de Cuba, Dec. 12.—Frank A. Vanderlip, United States assistant secretary of the treasury, has arrived here from Jamaica on board the revenue cutter Gresham. He comes under special instructions from President McKinley to investigate the currency question. Captured the Spanish Trenches.

Manila, Dec. 12.—According to reliable advices received from Iloilo, capital of the Island of Panay, in the Visayas group, the insurgents attacked Iloilo on the night of Dec. 1, and captured all the Spanish trenches except one. They then notified General Rios to remove the women and children and threatened to renew the attack the following night.

Was Systematically Robbing a St. Louis Hotel.

St. Louis, Dec. 12.—At the Grand Opera House Saturday night, Miss Catharine Campbell, an actress, was arrested by detectives at the instance of the St. Nicholas hotel management, she being accused of systematic robbery. In her room in the hotel her trunks were found to contain chinaware, table linens and silverware belonging to the hotel. Miss Campbell broke down and confessed. She begged to be released, offering diamonds and money, but Manager Chapman of the hotel was obdurate. Wrapped in paper were three new napkins recently bought by the hotel. The package, which had the appearance of being ready for mailing, was addressed to Mrs. Grooms of Indianapolis, Ind. She is detained at the Four courts pending trial and declares she will commit suicide if convicted.

Newport News, Va., Dec. 12.—Henry Reffett, private, Co. I, First Kentucky regiment, was killed, and Henry C. Brehme, private, Co. B, of the same regiment, was seriously wounded Saturday night by a sentinel, who was stationed at the gang plank of the transport Berlin, which brought the regiment from Porto Rico. The men started to board the transport but did not have a pass. They ignored the injunction of the sentry to stop, and when they attempted to pass him he struck each of them over the head with his bayonet. Reffett's skull was fractured and he died three hours later. Brehme was transferred to the hospital. He will recover.

A. T. Ginley Getting Better.

Pat Ginley arrived home this morning from Greenfield where he has been at the bedside of his brother, A. T. Ginley, superintendent of the Greenfield Gas Co., who was shot by Walter Carr at that place on Wednesday, Nov. 30, mention of which was made in this paper. He reports that his brother is improving and the physicians now have hopes of his recovery. The ball, which entered Mr. Ginley's chest, has not been located and the physicians have decided to leave it remain where it is as long as it is doing no harm.
